

Community Builders Donation

Resilient nonprofits make for an even more resilient community. Daily, volunteers serve the diverse communities of Monterey County, responding to basic needs, supporting our communities during crises, preserving our local culture and stewarding the natural environments that serve as a backyard and playground.

An investment into Community Builders is an investment into our nonprofits and the communities we are determined to serve. Your support will allow us to continue to provide the critical support structure and mechanisms that allow local nonprofits and volunteer-run programs to do their incredibly important work, ensuring a brighter future for all.

Regardless of how much you give, THANK YOU.

Community Builders for Monterey County is 501c(3) nonprofit organization. All donations made are tax-deductible. A donation receipt can be requested by emailing donate@combuildersmc.org.
